The Eastern Corridor

Public Involvement Meetings Scheduled For the **Oasis Rail Transit** and **State Route 32 Relocation** Projects

The meetings are open house; come when your schedule allows. Meet with project planners, ask questions, share your comments.

The multi-modal Eastern Corridor Program will enhance our regional transportation network and support economic growth by improving travel and connections between central Cincinnati and the communities extending east through Hamilton County and into western Clermont County. The relocation of SR 32 will improve local and regional traffic efficiency and improve travel safety. The Oasis Rail Transit project will provide a new transportation alternative to driving and be a foundation upon which future regional rail transit can be added. Additional enhancements for bicyclists, pedestrians and bus travel are also being planned. Individuals needing special assistance at the meetings should call the Eastern Corridor Hotline at (513) 888-7625 prior to the meetings.
